

Bring your

A-game.

We'll do the rest.

Undergraduate Guide 2021

We power potential.

At the University of Hertfordshire, we see your potential, we hear your ambitions and we support your futures.

From the moment we meet, we will set you on a path to achieving your goals.

We will drive you forward, we will actively guide you every step of the way. You may not be confident or you may have questions – but we believe in you and we will help you find the answers. You may have a goal that you want to achieve – we can help focus you. You may want experience – we can get you some. Here at Herts there are many pathways to success, so let us empower your future, and take you all the way.

This is your platform, your opportunity to succeed – so what are you waiting for?

Prepare to succeed.

Show employers what you're made of. We're big on placements – and for good reason. Research tells us that over 70% of employers prefer students with work experience. That's because placements aren't just an excellent way to put what you've learnt into practice, they also show employers what you're like as a person – with all those attributes like ambition, teamwork and a can-do attitude.

To make sure our students get that work experience advantage, we've developed strong links with businesses and organisations here and internationally. These have allowed us to build valuable placement opportunities, from short-term experience to full-year paid placements, into many of our courses. What's more you won't have to pay fees during the year you're on placement.

Passport to success

Many students at Hertfordshire have the chance to study or work overseas – for a semester, a summer or even a whole year.

Studying or working abroad is a great way to immerse yourself in a new culture, broaden your horizons and create many unforgettable memories.

We have partnerships with many universities across the world, including in the USA, Canada, Latin America,

Africa, China, Korea, Japan, Australia, and across Europe.

The cost of living in many countries is lower than the UK and you'll still be eligible for any grants or loans you'd get if you were studying here. Most students also pay no tuition fees during the year away and may be eligible for one of our scholarships to help with living and travelling costs.

Learn from the best

We like to think our teaching is a little different. Not only are our academics experts in their respective fields, but everything they teach is shaped by businesses and industry, giving you the subject-specific and transferable skills for an exciting career.

Alongside your core subject, you'll also be able to pick up other qualifications to help you stand out to employers. From mentoring to Microsoft qualifications, City & Guilds awards to getting your pilot's licence, there's a tonne of ways to build an impressive CV.

Award-winning academics:
Dr Theo Gilbert, Associate Professor of Learning and Teaching – and Most Innovative Teacher at the 2018 Times Higher Education Awards.
#proud

TEF Gold

Our teaching is among the best in the UK.

170

Study abroad at one of over 170 unis in 40 countries around the world.

National Rankings*

- 4th Economics
- 7th Tourism, Hospitality and Event Management
- 10th Engineering: Electronic and Electrical.

* The Guardian 2020

Career enhancing experience

Our students have undertaken placements at companies including KPMG, Tesla Motors (UK), Microsoft and GSK.

#1 for Games

TIGA Games Industry Award 2019.

96.5%

of students in employment or further study within 6 months.

Award winning

Employment mock assessment centre simulation (Institute of Student Employers).

Whether you're into shopping, nightlife, culture or long walks in the countryside, Hertfordshire's a great place to live and study. Oh, and did we mention we're just 25 minutes from central London by train?

1. Hatfield

A great place with a designer outlet centre and a lively social scene. It's famous for being the birthplace of the jet airliner and has been our home since 1952.

2. St Albans - 🚗 15mins 🚆 25mins

An ancient Roman town offering lots of pubs and bars, music venues, restaurants, a theatre, arthouse cinema, famous cathedral and more.

3. Watford - 🚗 30mins 🚆 90mins

Take the Harry Potter Studio Tour, escape the escape room, visit one of the best green spaces in the country at Cassiobury Park and enjoy a memorable night out.

4. Broxbourne - 🚗 25mins 🚆 90mins

Get outdoors for activities like karting, mountain biking and white-water rafting, or head over to Paradise Wildlife Park for a fun day out.

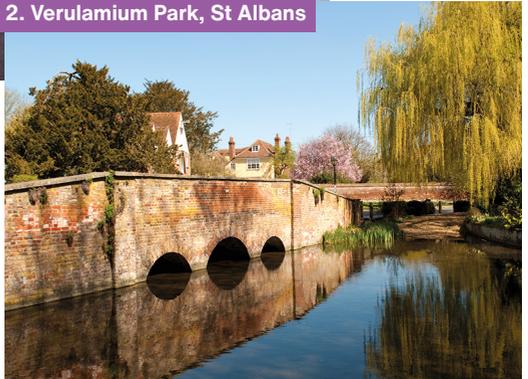

5. London - 🚆 25mins

Step out and explore the hustle and bustle of the capital. From museums to an array of restaurants and a vibrant nightlife, there's something for everyone.

1. The Galleria, Hatfield

2. Verulamium Park, St Albans

Best of both worlds.

3. Warner Bros. Studio Tour London – The Making of Harry Potter

4. Lee Valley Water Centre, Broxbourne

5. Shoreditch, London

Commuting to Herts?

If you're not living on campus, getting here's really easy:

By bus

Our own subsidised bus company, Uno, criss-crosses the region and connects local train stations with our campuses.

By train

Within just 25 minutes, the fast, frequent trains whizz you between London King's Cross and Hatfield station, and London St Pancras and St Albans station.

By car

Our park-and-ride service can accommodate 800 cars and offers regular shuttle buses to and from campuses.

Feel at home between lectures

No need to rush off after classes. You'll find plenty of spaces on both campuses to relax or study, including:

- 24/7 libraries with computers and study areas.
- Locker spaces, a safe place to store your belongings in between lectures.
- New high-spec common rooms with video games, pool tables and foosball.
- Multiple social spaces, including The Oval – an area with games, reading spaces, a gym, cafe and more.
- Restaurants and high street chains such as Subway, Costa, and Starbucks.
- Plenty of open green spaces.

College Lane Campus

Chat to a student:

We could go on all day about student life, but why not hear it from the students themselves?

Visit herts.ac.uk/chat to chat directly to our student ambassadors.

Feel inspired every day.

The University is based across two vibrant campuses just a short bus ride or 20 minute walk from each other. At both you'll find modern, award-winning halls of residence, a stimulating, supportive learning environment and lots of incredible facilities designed to help you make the most of student life.

At de Havilland Campus...

You'll be here if you're studying subjects like Law, Business, English, Media, Criminology, Sport, Education and Teaching. The campus is also home to a spacious library, world-class Sports Village, performing arts centre (the Weston Auditorium), our acclaimed replica Crown law Court, and our £12m Enterprise Hub. You'll also have access to our cafés and restaurants, and the on-campus convenience store.

At College Lane Campus...

You'll be here if you're studying subjects like Art, Music, Animation, Health and Social Care, Psychology, Computer Science, Engineering, Maths and Astrophysics. As well as impressive facilities such as smart systems labs and cutting-edge healthcare simulation centres, you'll also find a multi-faith

cultural centre, nightclub, student-run pub, art gallery, restaurants, shops, and support services.

Your Union, your voice

A big part of student life involves the Students' Union. Run by students for students, the SU hosts great social events, campaigns on the issues that matter, and provides advice and support.

Share your passion

The SU is home to over 100 societies that bring together students with shared interests. Ranging from the academic to the cultural, they cover everything from economics to esports, law to LGBT+ and space tech to salsa dancing.

Make a difference

Join more than 1,000 Herts students who give up a little of their free time to make a real difference to people's lives. Whether you get involved in a one-off event, join a local charity or organise your own project, volunteering is a great way to do good, feel good and build skills for the future.

Check out these #s on Instagram for a firsthand look at what students get up to:

#universityofhertfordshire #goherts

Live it up.

Ok, here's the deal: all first-year students are guaranteed* accommodation on campus in our fabulous halls of residence. You may also apply to live on campus in your second or third year.

And why would you want to live on campus? Because it's the single best way to get the most out of your university experience. You'll be living right at the heart of everything, which means being close to lectures, close to libraries, close to events, close to support, close to friends... close to, well, everything.

Our award-winning halls are thoroughly safe, modern and well equipped. Inside

you'll find individual flats with single or double rooms and en-suite or shared bathrooms. We also have a number of single studio rooms with their own kitchens and bathrooms.

Feel at home living on campus

- A great way to meet people.
- Flexible 42- or 52-week contracts.
- WiFi and bills included.
- Card operated laundries.
- Security and 24/7 support.

*Subject to you meeting the application deadline and personal needs.

So you want to be a lawyer, engineer or midwife? Whatever you're studying, you'll benefit from some pretty impressive, industry-standard equipment and facilities. Take a deep breath, because here's a very quick tour of what's on offer...

Make your case in our full-scale replica Crown Court.

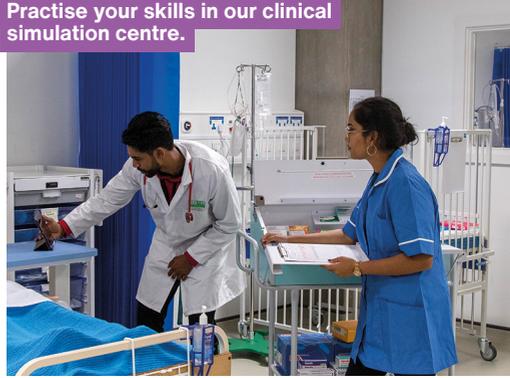

Explore the universe from our observatory.

Create new worlds in our animation suites.

Practise your skills in our clinical simulation centre.

Everything you need to succeed.

Engineer the future in our Formula Student workshop.

Study your way: online, on campus, in your own time. As well as subject-specific facilities, you'll have access to two modern, spacious 24/7 libraries with computing facilities and study spaces.

You can also access library collections, course notes, group chats, blogs, support and much more through our online portal, StudyNet.

Always here for you.

Everyone needs a little help from time to time. So whoever you are, wherever you're from, whatever you need – we've got your back. In fact, we pride ourselves on being a big welcoming, inclusive and supportive community.

Maybe you need a bit of guidance transitioning to degree level. Perhaps you have a disability or illness that requires specific help. Or maybe you just want someone to talk to about how you're feeling, your finances or your future. Our friendly, trained and experienced staff are here to help and can provide free ongoing emotional, practical and confidential support.

As well as a wide range of wellbeing and advisory services, you'll also have access to an on-campus NHS medical centre, University police team and day nursery if you need childcare.

“ My mental health problems almost stopped me from going to university. However, the University has been so supportive, it's been one of the best decisions I've ever made. My lecturers were very kind and always willing to listen. This encouraged me to go to Student Wellbeing, where I saw a counsellor and was given a Study Needs Agreement - with extra time on exams and being allowed to take breaks. There's also a special programme with links to the NHS so I could see an NHS nurse at the University. Without their support, I wouldn't have graduated. I am incredibly grateful. ”

Laura de Haan

BA (Hons) English Language and Communication with Journalism

Get your game on!

We're big believers that sport and fitness are for everyone – even complete beginners. Elite athletes, competitive amateurs, part-time participants, we welcome one and all into our HertSquad family.

At our dedicated Sports Village, you'll work out in our gym, equipped with cardiovascular and resistance machines, the impressive rig and a large free weights area. You'll also find fantastic facilities for loads of activities including squash, swimming and rock climbing, as well as the chance to join in with sports like badminton, table tennis, football and basketball.

Over at The Oval, you can drop by our well-equipped gym or join free classes in everything from roller skating to yoga and Zumba.

Whether your aim is to compete for the University, or just to have fun and to keep fit, we have a range of different types of sports and activities to get involved in.

Ready to take on the world.

Shaped by the needs of industry and business, our courses give you the skills, knowledge and experience today's employers are looking for.

The skills to get ahead

We work with global companies, entrepreneurial enterprises, the public sector and the professions to bring you all kinds of exciting employment opportunities. Some students even land their first graduate job based on the success of their placement.

Our graduates have gone on to work for a variety of companies, including Apple, HSBC, Rolls-Royce, Disney, NHS, GSK, BAE Systems, and Rare (Xbox Games Studios).

Assessment Centre Experience (ACE)

This Institute of Student Employers (ISE) award-winning experience

is offered to the vast majority of our students. The realistic mock assessment centre (with materials relating to your degree) will give you an opportunity to network with employers, grow in confidence and develop critical skills which will help you secure placement and graduate roles.

Your own personal careers experts

Our careers team can offer you support for three years after your course ends and help you find opportunities, prepare you for interviews and even help you launch your own business ideas with access to enterprise support and our Enterprise Hub. Here, you'll find social spaces encouraging collaboration between students, staff and the business community, as well as a dedicated Business Incubation focus, designed to support business start-ups and graduate entrepreneurs.

Increasingly popular, Degree Apprenticeships combine full-time work with part-time study to give you a really hands-on degree. We currently offer a range of apprenticeship programmes in areas such as digital, law, engineering, health, education, and leadership and management.

So, let's do this!

Visit herts.ac.uk to:

Check out our courses, facilities, what you'll learn and career opportunities.

Take a virtual tour of our campus and accommodation.

Find out more about studying abroad, societies, the local area, support and more.

Quiz current students at herts.ac.uk/chat.

...then visit us:

Come on an open day to explore the campus and chat to students and staff.

After you've applied, you'll be invited to our exclusive event for Offer Holders. This is a chance to get a taste for your chosen course, and to experience life as a Herts student.

Book on a taster session to try on your subject for size.

Facts about finance.

£9,250

a year is the typical tuition cost for UK/EU students on a full-time undergraduate degree.

£10,000

a year is how much more graduates earn, on average, compared to non-graduates.

3x

more likely to be in a high-skilled job than a non-graduate.

Although £9k+ a year sounds like a lot, think of it as an investment (as the stats above show).

And don't forget that various loans, grants and scholarships are available to help make university more affordable.

Student loans

These can include a tuition fee loan and maintenance loan. You don't have to start paying them back until you earn over £25,725.

Maintenance loan

Contributes towards living costs and is based on household income and where you live and study.

Grants

Grants are available to some students who are eligible for certain benefits, such as those claiming Students' Disability allowance.

Scholarships

We offer a limited number of scholarships for certain students.

Student jobs

Having a part time job alongside your studies not only helps financially, but it can also help you build your CV and confidence. On campus, students can work as an ambassador for the University, benefiting from a fantastic hourly wage, and flexible hours which fit around your studies. The Students' Union also employs students in various posts from events assistants to marketing roles, and student rep coordinators. There are also a range of retail and professional opportunities in the local area that provide plenty of employment options.

Find out more about fees and finance at [herts.ac.uk](https://www.herts.ac.uk) and [gov.uk](https://www.gov.uk).

The small print.

This undergraduate guide

This undergraduate guide is for prospective students interested in a course at the University of Hertfordshire starting in September 2021. We try our best to make sure that the information is accurate at the time of publication (February 2020). However, we cannot guarantee that it does not contain any errors and to the fullest extent permitted by law we do not accept liability for such errors. If you believe you have found an error, please let us know at ask@herts.ac.uk.

Even where the information was accurate at the time of publication, we may need to update it; for the most up-to-date information please view our website at herts.ac.uk.

Your relationship with us

If you wish to study with us, you will need to make a formal application, following which we will inform you whether we are able to offer you a place. If you accept a place, you will become a member of a community which enjoys many rights and privileges. These rights and responsibilities form part of the contractual relationship that will exist between us. Further information is in our Key Facts document which is available at herts.ac.uk/study/how-to-apply/your-offer-package.

The education we provide

Our goal is to ensure that you are taught, supervised, assessed and supported by staff who are appropriately qualified and experienced, taking into account your needs, the needs of other students and the nature of your course. We will use every reasonable effort to provide your educational and other related services in the manner and to the standards set out in our prospectuses, on our website, and in our other published materials. We recognise that you expect to receive the educational service you are paying for. However, we cannot make an absolute commitment to provide our services at all times in this manner and to these standards because, for instance, there may be circumstances outside our reasonable control which have a detrimental effect on how we provide our services to you. These could include, by way of example, industrial action (including by members of our own staff), civil commotion, severe weather conditions, changes in the law and/or actions taken by a government or public authority, damage or destruction to our buildings or facilities, failures by our suppliers or sub-contractors, or interruption or failure of utility services. If circumstances such as these arise, we will use every reasonable effort to minimise any disruption to you.

Changes to your course or modules

We may make changes to the advertised content or structure or methods of delivery of your course or individual modules after you have accepted an offer, which may include discontinuing a module. If we make a change

before you start your course, we will inform you as soon as reasonably practicable so that you can decide whether you still wish to study with us. If as a consequence you decide not to study with us, we will refund any tuition fees and / or deposit that you have paid in advance in respect of the course in question. If we decide to make a change (other than one which is minor or insignificant) after you have registered, we will similarly inform you as soon as reasonably practicable, and we will use every reasonable effort to minimise any adverse effect it may have on you. If in spite of our efforts the change is likely to have a serious adverse effect on you (for example, by prejudicing your future choice of career), we will try to find you a suitable alternative course or module with us or (if you prefer) we will try to suggest a suitable alternative course with another education provider. In the case of a material change to a course or module, we will also consult with student representatives with a view to identifying options for, and minimising any adverse effect on, affected students. Some optional modules may have capacity issues and therefore we may not be able to guarantee you a place on your first choice.

Discontinuing your course

Sometimes we can only run an advertised course if certain conditions are fulfilled – for example, that sufficient students make the course financially viable. If we cancel your course before the start of your studies, we will inform you as soon as reasonably practicable and we will refund any tuition fees or deposit you may have paid in advance. Where practical, we will also try to find you a suitable alternative course with us or offer you the opportunity to defer your entry to a subsequent intake. In exceptional circumstances, we may have to merge or even discontinue a course once you have started your studies, we will inform you as soon as reasonably practicable and we will use every reasonable effort to minimise the impact it has on you. Where appropriate, we will try to find you a suitable alternative course with us or (if you prefer) we will try to suggest a suitable alternative course with another education provider. If you do transfer to another education provider in these circumstances, we will co-operate with your new provider in respect of any transfer of credit/ academic progress. If you do not transfer to an alternative course either with us or with another provider, we will keep a record of your credit / academic progress in case you return to higher education in the future.

Any entitlement you may have to a refund in tuition fees in either of these situations will be determined in accordance with our Fees and Finance Policy. Full details of the University's Student Protection Plan and Student Refund and Compensation Policy can be found here: herts.ac.uk/study/how-to-apply/your-offer-package
