CHOICE OF 50+ UNIVERSITY DEGREES TO SELECT, INCLUDING UNIVERSITIES RANKED HIGHER THAN IIT'S

John
Christopher
CEO

At Kings Cornerstone international college (KCIC) we focus on giving everyone the chance to be their best. Thanks to the passion of our extraordinary team and our commitment to transformative education, we're turning students dreams of studying abroad into reality every year. It began two decades ago when we had a vision for helping middle class families to access international qualifications with part study in India and part study abroad and acquire real-world skills. The people of Chennai matched our enthusiasm to start a very practical place of learning where students would leave ready for employment or progress to foreign universities.

Now, we have become strategic partners for some of the world's top universities, ranking higher than IITs in India. So with the world unlike it's ever been before, we're focused on ensuring our students are ready for life and work, whatever form that takes. At KCIC, as we look to 2022 and beyond, we're excited about the endless possibilities.

ABOUT US

One of India's only UK accredidated centre of academic excellence, Kings cornerstone International college (KCIC) was co-founded by its founders after gaining over two decades of experience in education and global migration.

KCIC provides twinning and study abroad programs in the United Kingdom, United States of America, Ireland, Germany, Finland, France, Dubai, Malaysia, Singapore and Australia. Our students complete the first two years equivalent credits of a foreign university at KCIC and then transfer abroad to complete the remaining credits / final year.

Students from KCIC have gone to study in some of the world's best universities that rank higher than IITs in India, such as University of Melbourne, University Of Technology Sydney, RMIT University.

ONLY CAMPUS IN CHENNAI BUILT ON RESORT THEME

30 kms from Chennai Airpot

Be rest assured that your learning at Kings Cornerstone International College is enjoyable, engaging and rewarding. The resort themed facility built to offer you the best mix of academics and outdoor beach activities. You'll enjoy reading books lying on the hammock and tapping your feet on the weekend with music and fun.

Table Tennis

Badminton

"

Range of outdoor activity within the campus or on the beach sand. You'll enjoy your student life at KCIC.

Beach Volleyball

Camping

Volleyball

We are a hub of opportunities to broaden your mind, meet new people, enjoy our spaces and experience a global life while you study.

Festivity

cornerstone.edu.in

EXPLORE OUR EVENTS, TRIPS AND TOURS

Get involved in KCIC's weekly events, or be a tourist in our own backyard and explore popular destinations on the East Coast Road. You will get to hear, see and experience more for less on a student budget.

Experience the rush of adrenaline while paragliding at ECR.

Relax and go kayaking with your friends at sea, the bay of Bengal.

Recreational surfing with the college community on Fridays

Zoom through the tracks with friends & create memories for a lifetime

Relish the calm sands of Chennai's tranquil coastline.

Explore and cherish the many destinations on the infamous ECR.

FACILITIES

Unlike other campuses, every year only 250 students get to live and learn in a resort themed college campus. The campus provides 24x7 wireless internet, international menu at the Kings Cafe, air-conditioned lecture rooms and tutorial rooms etc., and the new sport facility will be built in Sept 2022.

New partnership with UTS & RMIT will provide state of art campus II in Chennai to accommodate Sydney and Melbourne programs.

CITY OF KOREANS

In this Indian city, Locals love K-Pop and K- Dramas while Korean love Indian food and whether. Chennai has the largest South Korean community in India, which has been growing ever since auto giant Hyundai opened its first factory near the city in 1997.

Today, Tamil Nadu is home to over 500 Korean companies, making the state rank among the largest Korean hubs in India, and Chennai has the largest Korean expat community in India with over 6,000 Koreans.

For the next decade, the manufacturing hub of Chennai became home to several Korean conglomerates, such as Samsung, LG, Kotra, Lotte and Hyundai as well several small enterprises, such as Doowon, Hwashin and Dong-Sung, that support these big firms

University students from Korea also visit Chennai to actively participate in community volunteering movements such as Happy Move Volunteers.

After Korean language was adopted as one of the recommended foreign language at National Education Policy 2020 in India, the demand for Korean language in Indian schools has also soared in line with the recent Korean Wave in India. Higher education option for Koreans are opened widely now and KCIC will take the initiative to bring the community to grow in higher education sector.

Tteukbokki

Samgyeopsal

1 8x higher salaries compared to Indian salaries after graduation (Source: Glassdoor).

2 Very high possibility of securing immigration or Green Card or Permanent Residency.

3 State of the art research facilities & contemporary learning modules when compared to Indian universities.

4 Get academic credit for your work experiences by the University and/or the community.

5 Diverse course specialisations and most up to date curriculum with industry integrated learning.

6 Multicultural environment - aligned with an increasing global work force.

WHY YOU SHOULD
Study Abroad

cornerstone.edu.in

WHY YOU SHOULD
Study in KCIC

Reduce your Tuition Fee
Upto 80% savings while studying two years of Bachelors with KCIC and transfer credits to our partner universities.

Post-Study Work Visa / Graduate Immigration route
2-4 years Graduate Visa in the UK or Australia and dedicated pathway for PR.

Placement Year/Co-ops
Take advantage of our Academy - Industry partnership. Get a year paid industry placements before you complete your final year in the UK.

Earn while you learn
Enjoy working part-time during your study and full-time during semester breaks.

Harvard Style teaching
Hand-in assessments instead of exams & get engaged in practical modes of learning with experimentation.

What others don't include, add value
Complete Vendor Certifications and training modules from AWS, Azure, Autodesk & CISCO.

GLOBAL ACCEPTANCE

The Washington Accord

The Washington Accord Recognition in India The Washington Accord is an international agreement between countries of the world for accreditation and recognition of undergraduate Engineering degrees.

The International Engineering Alliance (IEA) and its members establish and develop internationally bench-marked standards for engineering education and engineering practice.

1 Support the Engineering role in a more sustainable & equitable world.

2 Assist growing globalization of mutual recognition of engineering of engineering qualifications.

Recognition in India

Since 2014, the National Board of Accreditation (NBA) - one of India's primary bodies responsible for higher education accreditation - has become a permanent signatory of the Washington Accord.

After Graduation

Engineering Qualifications of the Washington Accord signatories are well recognized in India and are accepted almost everywhere like Germany, Australia, USA, Canada and other major education hubs.

⭐⭐⭐⭐⭐

MALLIKA (2020)

I made the right choice in choosing KCIC, after an amazing journey of two years, I am now in the University of Technology Sydney (ranks higher than IIT's India) KCIC offers UTS transfer program. I loved the campus, which is well-equipped and has a pleasant environment, a great vibe to study near the beach. If you are planning to study abroad, This is a good place to start!

⭐⭐⭐⭐⭐

SREEJA MANI

Teaching was comparable to Australian standards. The transfer to Melbourne is smooth, the college got my visa in two days.
After graduating from RMIT, I'm working as an UX desiger in an Australian company.

ANUKRITI SARASWAT

I would highly recommend King's cornerstone to any student who wishes to complete their education abroad and learn much more than just theory. KCIC has been most helpful, with immensely supportive staff and the best teaching. The assistance extended from making the university application up until the university abroad journey. -

ROSHYL ABRAHAM

Encouraging and supportive staff, Global Partnerships, well-equipped campus and endless opportunities. I studied a curriculum that is future relevant with hands-on practical knowledge. With supportive teachers and management, the journey all the way to UK transition has been a good time. As a student, I'm highly satisfied!

ABISHEK SUNDAR

The faculty here are experienced and they know what they are well-versed in a multitude of concepts. The assignment-based learning system is way better than the conventional learning methods and the practical exposure you get to different subjects is unrivalled. The college has a very friendly atmosphere and there's no hassle as such in meeting any faculty or the staff. Coming from a lineage of computer engineers, I can strongly put this statement in the air and I would recommend this college to all of you if you have the passion and will to succeed.

★★★★⯪

BERIN JABEZ GRANT

Sounds too good to be true? Being a student at Cornerstone, I was trained, educated and built to live life at a higher standard, through a teaching style that helped me learn by understanding and not by memorizing. Modules and assignments at Cornerstone were on par with UK's methods if not more concentrated, and this helped me adapt to academics when I started my education at Ulster. I am a product of Cornerstone and it has been a profitable and adventurous journey.
